3.6 REIMBURSEMENT

According to Art. 11.7GP 2016, entry fees will be refunded in full to candidates, whose entry has not been accepted and in case of the Event not taking place. The organiser will reimburse the entry fees, minus a variable retainer, to competitors, who were unable to participate in the event for reasons of "force majeure", subject to the application reaching the organisers the request for cancellation by certified mail.

The reimbursement will be:

- 75% of the entry fee for the requests received up to 60 days before the start administrative checks.
- 50% of the entry fee for the requests received up to 30 days before the start administrative checks.
- The requests received less than 30 days before the start administrative checks is not entitled to any amount of reimbursement.

4. INSURANCE

4.1 TRAFFIC INSURANCE:

Third party risk insurance (Traffic insurance) is compulsory for all crews taking part in the rally which extension is included the entry fee. All competitors must have a traffic insurance policy to present it at the administration checking. This insurance is valid both on road sections and special stages. Description of the organizer's insurance will be published before the administrative checking.

4.2 INSURANCE AMOUNTS:

The crew will get the supplement of the insurance on the Administrative Check. The entry fee includes the insurance Premium for the following risks:

- Compulsory to third parties liability under current Hungarian regulations .
- The payment of those sums for which participants may become civilly liable as a result of accidents or fires caused by vehicles taking part in the event, up to a maximum of 300.000.000 HUF per accident or 300.000.000 HUF total amount.

4.3. OTHER PRESCRIPTIONS

In case of an accident, the entrant, or its representative, must give written notification to the Clerk of the Course or the Secretary as soon as possible, and within a maximum of 24 hours. This statement should set out the circumstances of the accident, damages, eventually blessed, as well as the names and addresses of witnesses. Competitors are reminded that only damage caused by the organizers and named drivers are covered by the Organization's insurance policy. Loss or injury that may be suffered by the drivers themselves or participating vehicles is EXCLUDED. Irrespective of this Third Parties insurance, entrants and drivers are free to take out the policies they deem fit on their own account and at their own discretion. Service vehicles, including those displaying the plates supplied by the Organization, shall under no circumstances be deemed participating vehicles. They are therefore not covered by the Organization's insurance policy and responsibility for them lies solely with their owners. In case of accident, competitors and drivers exempt the event organizers from any liability and waive any right to bring claims against them.

The insurance cover will come into effect from the administrative checking and scrutineering for the Event and end upon the expiry of one of the following time limits, whichever is the later:

11. SUPER SPECIAL STAGE

The Superspecial Stage will be held on Hungarian Baja, 12th August 2016 18:00.

11.1. This stage must be performed with the full team in the vehicle (driver and co-driver). Any delay in reporting to the start of the Stage will be penalized at the rate of one minute per minute's delay. Vehicles arriving more than 30 minutes late will not be allowed to start. For the SSS, times will be taken in hours, minutes, and seconds.

In case of ex-aequo, priority will be given to the crew who achieved the time first. It shall count for the classification of the event. Any road or other time penalties incurred will be taken into account for the general classification of that leg and applied the same day but will not affect the starting order of the following selective section except for such penalties involving jump starts, shortcuts, or other matters which materially affect the competitor's performance on the SSS itself. The first ten competitors will choose their start position for the rally according to the results of the SSS.

Following the SSS, the starts for the next Leg including a selective section shall be given according to the procedure laid down in Art.4.11. The first ten competitors in the classification of the SSS will choose their start positions for the next Leg or section of the rally as follows:

- The competitor in tenth place will start among the first ten positions
- The competitor in ninth place will choose to start before or after the tenth
- The competitor in eighth place may choose to start before, after or between the previous competitors and so on

These ten competitors will compulsorily start the rally in the first ten positions.

The location and time of this procedure is **12. August in BudaWest Airport Veszprém - Szenkirályszabadja podium at 20:45h.**

The participation for all 1st-10th drivers and co-drivers at the Starting Order Choosing Ceremony for the competing duo at 20:45h 12.08.2016. is compulsory!

12. START OF THE EVENT

12.1 PUBLICATION OF STARTING LISTS

According to Programme.

12.2 BRIEFING

According to Programme.

A written briefing (if necessary) will be given to competitors at the previous Leg.

12.3 Parc Fermé before the official start

In the Start Parc Fermé crews should be ready **15 minutes** before the individual ideal starting time.

13. RUNNING OF THE EVENT

13.1 RESCUE CARS

The crane vehicles, present at the output of the special stages are available to the Race Directors for the sole purpose, if necessary, to release the road (the route).

Any involvement of these cranes in the organization made at the request of a competitor or his representative, apart from a decision of the Race Director, will be charged to the participant.

13.1.2. In case of neglect, the contestants are required to notify as soon as possible the Race Directors using the emergency phone number indicated at the administrative checks. Any failure will be reported to the Stewards that will determine the sanction to apply.

13.2 STARTING PROCEDURE FOR THE SPECIAL STAGE will be as follows:

On the start of the Special Stage the crew stops the car at the start control, the marshal notices in the time card the actually start time of the car (hour and minutes) and the start will be given by means of a light equipment. A digit display will show continuously the time progressing.

The marshals will call out loud the 30, 15, 10 seconds then point towards the start equipment. Beginning from the 55 seconds, red lights will be flashed per every second, then at 00 seconds the red lights will go off and below, the green lights will go up. This will be the time to start.

In case the equipment goes wrong the marshals will change to manual starting procedure.

Art.39.3 GP 2016.

13.2.1 After Leg 1, and for the following legs, the start will be given by the first ten choosing and after following the order of the Selective Section Classification of the previous leg and every 2 minutes for the first 10 classified (Art.19.1/4GP 2016).

In case of 2 or more successive selective sections, the starting order of the next day's leg will be

drawn up by cumulating the times of these selective sections. In case of an ex aequo, priority will be given to the crew who achieved the fastest time in the 1st selective section (Art.19.3 GP 2016).

Any vehicle reporting late for the start of a Leg shall be penalised at a rate of one minute for every minute of lateness. If lateness exceeds 30 minutes the competitor will be excluded or receive a Fixed Penalty where appropriate.

Case 3 - Competitor n°1	Start	C.H.1	12h 00 '	penalty = 30' + penalty for not taking Start in following S.S. + maximum time allowed for following S.S.
		Arrival C.H.2	13h 31 '	
Case 4 - Competitor n°1	Start	C.H.1	12h 00 '	penalty = 30' + penalty for not taking Start in following S.S. + maximum time allowed for following S.S.
		NO ARRIVAL TO C.H.2'		

13.3. Early check-in at the end of Leg

Early arrival at the end of Legs (1st, 2nd) time controls will not be penalized (Art. 38. 9 GP 2016).

13.4. It is strictly forbidden to enter or leave a control area from any direction other than specified by the Road-Book, or to re-enter a control area once checking in has taken place at this control.

13.5. Issue and collection of time cards

The time card will be given to each crew at the start of each Leg in accordance with the (Art. 36 GP 2016).

13.6. TOTAL DISTANCE OF THE COURSE

The HunGarian Baja 2016 consists in four (4) selective sections and three (3) Legs:

- SSS, for the purpose of determining the starting order for the next Leg according to Art. 19.3. GP 2016, with a distance of aprox. 10,3 kms.
- Leg 1 includes the SSS.
- Leg 2 includes 2 selective sections (SS.2; SS.3)
- Leg 3 includes 1 selective section (SS.4)

Total distance of selective sections: 300 km

Total distance of the event: 400 km

According Art. 6.6 of 2016 FIA CCRGP the average altitude of selective sections are less than 1.000 meters.

The itinerary shall be kept secret and will be revealed to the crews only by the time of the delivery of the respective road books.

13.7. OFFICIAL TIME:

For Cross Country rallies GPS time is the official time. (Art 4.9. General Perscription)

13.8. SAFETY TRACKING EQUIPMENT:

It is compulsory for the competitors to equip their cars with the M-Info GPS/GSM tracking + GMW system unit, for active monitoring of all participating vehicles.

The M-Info Tracking System incorporates both GPS Live tracking/recording and "vehicle-to- vehicle technology. Commands and warnings from/to HQ and car-to-car are managed through the CommBox. The rent of these units is included in the entry fee.

Then, at the administrative checks, each entrant must give 300,00 € as a guarantee deposit to the organisers. Installation, information and instruction for use will be provided and can be downloaded on the HunGarian Baja's Official website www.hungarianbaja.com and www.sporttraxx.com website.

13.8.1. No competitor with a car without the tracking unit will be authorized to start.

13.8.2. The clerk of the course will use the competitors track monitored and recorded by the tracking system to check for eventual deviations and especially short cuts. These will be reported to the stewards who may apply sanctions.

13.8.3. Any attempt to tamper with, to manipulate or to interfere with the tracking device fitted to the competing car or any device that fails to record a trace due to external interference, will be reported to the stewards who may impose a penalty up to exclusion

13.9 "Vehicle to Vehicle Alarm" system

(Recall of the Art. 27 of the Cross Country General Prescriptions 2016)

The system "vehicle to Vehicle Alarm" (a device that signals to a competitor that he may be overtaken) must obligatorily be mounted on all the cars of the Competitors participants to the Baja. The modalities of rental and assembly on the vehicle are indicated in the www.sporttraxx.com site.

No competitor with a car without the "Vehicle to Vehicle Alarm System" unit will be authorized to start.

13.10 Assistance in case of accident

(Recall of the Art. 28 of the Cross Country General Prescriptions 2016)

a) In case of accident and if at least one crew member is conscious and able to move by himself, he will have the obligation to:

1 - Trigger the alarm of the Vehicle to Vehicle alarm System through the Box.

Then, in case of a serious accident:

2 - turn ON the red SOS button in order to alert HQ.

3 - If the vehicle represents a danger for other competitors or, in order to secure the scene of the accident, one crew member must place a red reflective triangle in a conspicuous position at least 50 meters before the vehicle's position, in order to warn following drivers.

Any crew failing to comply is subject to a penalty at the discretion of the Stewards.

b) In case of a serious accident and where the two crew members are unable to move themselves, and which needs the action of the rescue service, the first competitor arriving on the accident which results in physical harms must:

- Stop;
- Turn ON immediately on the red SOS button of their Box;
- Give the first aid to the crew members and get information on their condition;
- Call the Rally HQ by phone to report of the situation;
- Wait the rescue service or another competitor to arrive;
- Turn OFF the red SOS button of their Box to report that they are leaving the scene.

1 - At a written request from the competitor to the clerk of the course on arrival at the end of the Leg, the full stopping time between the 2 "Tracking" alerts (SOS red button) only in the case of a minimum of 3 minutes spent on the accident, may be deducted the same day from the time taken to cover the selective section, only for the first 2 crews which stops at the scene of the accident.

2 - The Vehicle to Vehicle alarm System must be fitted in the vehicle in order to be reached and operated by at least 2 of the crew members while seated with their belt fastened.

3 - Any crew which fails to comply with the prescriptions of the present article 14.1 will be reported to the Stewards who may impose penalties as provided for in the Code.

13.11. RECONNAISSANCES

Reconnaissance of the route (INCLUDING SSS) is totally forbidden. Possession of route notes or other informations different from those given by the Organization is forbidden. Penalty decision at Stewards' discretion.

The only official route is that set out in the Road-Book.

To help competitors, the Organizer will indicate intersections and features of the route by means of arrows and tapes. The Road-Book shall be, however, the only official document for the itinerary to be followed.

14. FIXED PENALTY

14.1 Maximum time allowed and fixed penalties

14.1.1 Time Controls - Maximum Time allowed - Penalties

A maximum lateness of 30 minutes for every Road section and a total lateness of 30 minutes in road sections of a Leg is authorised. This lateness will be penalised at a rate of 1 minute per minute or fraction of minute according the Art. 38.8 of General Prescriptions 2016.

14.1.2 Those drivers, who can't complete the leg for any reason (getting lost, technical problems, etc.) but are capable of arriving with their vehicle on their own with a running engine, without any help in the Parc fermé at the end of the leg by the time of the planned publication of the provisional results, or during the day at the regrouping station by the time the 1 st vehicle's planned time stated in the official timetable, may take part in the rally with the following penalties:

	FRIDAY	SATURDAY		SUNDAY

* Subject to approval by the Stewards and force majeure.

** You must have taken start at that Leg.

Maximum time allowed may be modified by the Stewards upon the proposal of the clerk of the Course in case of non - predictable circumstances (climate, modifications in section distance, etc..)

This penalty is only applicable to crews, who:

- Complete at least 50% of the total distance of the selective sections of the race.
- Have started on every leg.

If any of the above requirements are not met, the crew is excluded from the event.

* OTHER PENALTIES	H:M:S
For each CP passage missing, * if the crew have take the start	1:00:00
For each CP stamp missing, * if the crew have take the start	0:30:00

* These penalties shall be added to the time of the corresponding SS to obtain the total time elapsed.

15. SERVICE PARK

15.1 Location

Work on a competing car will be permitted only at service areas specified by the Organization.

Location: BudaWest Airport

15.2 Access times for service vehicles

According to Programme.

15.3 Operation of the Service Areas

Car wash and Refuelling is strongly prohibited in the total area of the service!!!

For safety reasons and the proper functioning of the Service Areas, entry will be permitted only to service vehicles showing the Plates supplied by the Organization.

Tampering with or falsification of these plates will lead to disqualification of the team to which these service vehicles belong, on the decision of the Stewards.

Plates will be placed in a visible area of the front windscreen of the vehicle. Each crew will receive one "service" plate free.

The maximum speed allowed in the service parks is 30 km/h

15.3.1 Throughout the rally, servicing of a competing car may be carried out only in service parks. Repairs that may be carried out by a team using on-board equipment or equipment carried by another participant in the race are authorized along the whole route. Any other external servicing outside the authorized areas is forbidden and shall be penalized by EXCLUSION at the Stewards' discretion.

15.4. Refuelling

In accordance to Art. 33 GP 2016.

16. PROTEST AND APPEALS

Any protest will be formulated according to Art. 47 GP 2016 and the Chaperts 13 and 14 of ISC.

16.1 Protest fees

According with Art. 47.1 GP 2016 the fee is **1.000 Euro**

16.2 Appeal Fees According to Chapter 14 of ISC, competitors have the right to appeal against a sentence or other decision pronounced on them by the Stewards of the meeting. According to art, 15 of the Regulation of the "Tribunal International d'appel", the fee specified for 2016 for an international appeal is **6.000 Euro** (Art. 47.5 GP 2016)

17. SUMMARY OF PENALTIES

	ART	PENALTY
Compulsory or optional advertising absent or wrongly fixed	5.2	1st offence (+ 10% of entry fee) Each repeated offence (+100% of entry fee)
Delay at Time Control before Administrative Checks	9.2.1	Stewards discretion + 100 Euro
Delay at Time Control before Scrutineering	10.2.1	Stewards discretion + 100 Euro
Delay at Time Control before entrance Parc Fermé	10.4	at Stewards discretion + 100 Euro
Delay at the start of each Leg.	11.6	For each minute = + 1' penalty + 30 minutes = start refused

18. FINAL CHECKS

Final checks may be held, according to the Art. 48 G.P. 2016.

Cars subject to final checks (decision by the Steward) must have one representative for the competitor as well as mechanics (in case of dismantling) present at the final check.

19. RESULTS

The Provisional overall classification will be published on the official notice board in the Rally H.Q. in **BudaWest Airport at Sunday 14. August 2016 15:00 h**

20. PRIZES

20.1 PRIZE GIVING CEREMONY:

Location: BudaWest Airport
Time: Sunday 14. August 2016 16:00 hrs

20.2 PRIZES:

The prizes for Cross Country rally HunGarian Baja will be awarded following:

GROUP CLASSIFICATION	(T4)	- 1 st to 3 rd Trophys
	(Open)	- 1 st to 3 rd Trophys

The organizer can for see other prizes too.

Prize giving for the Hungarian Cross-Country Rally Championship will be held according to the ASN regulations of this series.

The prizes will only be given to these Categories, Groups and Classes, if there is a minimum of 5 participants at the start, otherwise only the first given prizes.

In the case of changing in the supplementary regulation, the organizer will send an official bulletin.

APPENDIX IV. Tracking System

Rallyinfo.hu - Technical description of the operation of the GPS system V1

Pic. No. 1.: **GPS box**

Sizes: 115x90x55mm

Weight: 340g + pipe clamps 110g

General operating principle of GPS measurements:

The GPS is an advanced positioning system for three-dimensional position determination, timing and velocity measurements can be carried out by land, sea or air. Accuracy is typically of the order of meters, but the environmental conditions can affect significantly. In the sky from the flat ground there are 7-25 satellites visible at the same time, of which for positioning at least three, for the height above sea level one additional satellite is necessary for determination. The GPS satellites are broadcasting at six frequencies. Each satellite broadcasts spread spectrum signal which may be "pseudo-random noise" called for.

The positioning is based on the theory of analytic geometric methods. The satellite positioning system is based on timing recycle distance measurement. Since we know the velocity of radio waves, and we know the date of issue and receipt of radio waves, can be determined based on the distance of the source of these. In the three-dimensional space knowing the exact measured distance from three known positions we are able to determine the position. Measuring the distance with other satellites we are able to improve this value.

Cause A significant distortion in the system can be caused by the effect of atmospheric to the radio waves. At the description of the calculations we assumed that to simply calculate with the distance = rate x time formula. This is true, but that the speed of radio waves are only constant in the vacuum pressure.

Evaluation of data

The evaluation of uploaded data can be determined in two different ways.

Initial assessment of the competition supervision interface, real time data available online. This means the data that the device has been uploaded to the central database and downloaded online, analyzed by the supervisory program. The yet uploaded, or not yet analyzed data will be carried over in the subsequent analysis. Not uploaded data case occurs when the device is in the absence of strength of GSM signal, and can not upload data to the central database. In the case where the data is available online in the database, but local network is busy or the download has interrupted due to bad network relationship, then the analysis of loss data only partially can take place online.

Alternate method is retrospective data analysis. In this case, the data collected what has been received by a specified time interval sets the database to a file, and the data can be evaluated from point to point.

Sentinel function

The device has a frequency of 433 MHz using radio module, which is broadcasting the data of an encoded in advance "bagpipe" and SOS functions corresponding sets of data, for the tools staying in range. The range distance can be greatly affected by ambient atmospheric conditions and terrain. The device has adjustable transmission power. This value is not possible adjustable during the race. Currently, the Sentinel has two functions:

- "Toot" function, which indicates the overtaking intent of a Sentinel equipped car up to 100m distance. Pressing the SOS button, placed in the box, a red LED indicates the start, which lasts for 5 seconds. In the event that the other device receives the sent signal, then this confirms to the sending device and the server uploads the signal, and at the same time, in the overtaken vehicle's SOS panel's LED will lit blue with a beep sound (continuous), and in the overtaker's vehicle the LED color changes from red to blue light, no beep sound here. The indicator remains on the overtaken's vehicle for 10 seconds. Then, each signal is switched off until a next signal.
- Send SOS signal devices within range. This feature will be active if on the SOS panel, the SOS switch is turned on. Send the device continues the signal, until the SOS switch is turned on. In the case where a device receives the SOS signal, on the SOS panel the red and blue LED will blink, with a pulse (0.5 s) alarm signal, as long as is still within range. This feature requires a power supply operation.

Pic.No. 2.: **SOS Panel**

Sizes: 95x48x67mm

Weight: 120 g

Tool installation

- SOS panel, Sentinel antenna placement: Previously purchased SOS panel's red and black wires with the 2poled TMWS2T connector must be connected to the 5A fuse mating port (horizontal shoe positive, vertical shoe negative polarity), 15 poled connector's end has to be wired with the right B column. SOS panel should be placed on the dashbord in such a way that both the driver and the navigator can reach. The adhesive antenna supplied shall be affixed to the top right corner of the windshield horizontally, the end of the cable wired to the right-hand column B.
- Installing the device: The device received at the Administrative check must be connected to the previously purchased and installed SOS panel and Sentinel antenna. The device must be fixed in the right column B with 2 clamps so that the device does not move and the visibility ensured.

Pic. No. 4.: How to install 2.4

Pic. No. 5.: How to install 3.4

Pic. No. 6.: How to install 4.4

- To verify the functionality of the device will take place at the Technical Scrutineering .
- At the end of the race the device should be returned to the colleagues, where the deposit will be repayed. In case if the device has any problem, until identifying the problem, the competitor is entitled to the deposit only after a corresponding deduction.
