1.4 - Amendments to the Regulations - Bulletins

The provisions of the present Regulations may only be amended according to Articles 3.6 and 11.9 of the Code.

Any amendment or additional provision will be announced by a dated and numbered bulletin which will be an integral part of the present regulations. These bulletins will be posted at the Secretariat and on the official notice board and will be directly communicated to the participants, who must acknowledge receipt by signature, unless this is materially impossible during the running of the Competition.

Any bulletin issued by the organisers before the start of the Rally (first stewards' meeting or beginning of scrutineering) must have received written FIA approval. Any bulletin issued after the start of the Rally must have received the prior approval of the stewards.

1.5 - Interpretation of the Regulations

1.5.1 - The clerk of the course is responsible for the application of the present Regulations and their provisions during the running of the Rally.

1.5.2 - Any protest concerning this application must be sent to the stewards for deliberation and decision (Article 13 of the Code).

1.5.3 - Similarly, any case not provided for in the aforementioned Regulations will be deliberated by the stewards, who alone have the authority of decision (Article 11.9 of the Code).

1.5.4 - In case of dispute on the interpretation of the present Regulations only the English language text will be deemed authentic.

1.5.5 - For the exact interpretation of this text the following definitions apply:

a) «Competitor» : either physical or legal entities.

b) «crew» : Driver and Co-driver.

1.5.6 - The Driver assumes the responsibility of the Competitor, when the latter is not on board the vehicle.

1.5.7 - Stages run on gravel: sections of the Rally declared as being run on gravel are decided by the clerk of the course.

1.5.8 - Crews (Driver and Co-driver) must report to the start (or ceremonial start) control, with their car and within their due time to be considered as starter.

2 - ELIGIBILITY

2.1 - FIA Title

The **51. MECSEK RALLYE** counts as the 8th round of the **FIA European Historic Sporting Rally Championship**.

2.2 - National Title

The **51. MECSEK RALLYE** counts as the 8th round of the **Hungarian National Historic Rally Championship**.

3 - DESCRIPTION

3.1 - Total distance of the course including the special stages (in km)
566,81 km

3.2 - Number of special stages

11

3.3 - Total distance of the special stages (in km)

144.94

3.4 - Number of legs

2

3.5 - Interval between cars

1 minute

Throughout the Rally, the official time will be as per the Global Position System broadcast, or DCF77, Mainflingen 77.5kHz radio signal.

The itinerary, time controls, passage controls, neutralisation periods, etc. are described on the time card and in the Road Book. In case of discrepancy, the time specified on the time card is binding.

4 - ELIGIBLE VEHICLES

4.1 - Eligible vehicles are those listed in Article 2 of the «FIA European Historic Sporting Rally Championship» Sporting Regulations.

4.2 - The cars are divided into the classes stated in Article 2 of the «FIA European Historic Sporting Rally Championship» Sporting Regulations.

4.3 - At scrutineering, the Competitor must present the FIA Historic Technical Passport («HTP») to the FIA eligibility delegate who may keep it until the end of the Competition.

4.4 - Any disputes shall be decided by the stewards, following a report from the scrutineers and FIA eligibility delegate.

4.5 - All cars must be in conformity with the National Highway Code in their countries of registration.

4.6 - Studded tyres: if used, studded tyres must conform to the drawing(s) in appendix 3 to these Regulations.

4.7 - All cars must be fitted with a safety tracking system, which will be issued during administrative checks. The installation will be checked at scrutineering. Instructions regarding collection, return and fitment will be issued by each Organiser. Any interference with the system(s) during the rally will result in the Competitor being reported to the stewards.

5 - ELIGIBLE COMPETITORS - ENTRY FORMS - ENTRIES

5.1 - Any person or legal entity holding an FIA International Competitor's Licence valid for the current year is eligible.

5.2 - Where the Competitor is a legal entity, or is not part of the crew, the first Driver named on the entry form will be held entirely responsible for all the liabilities and obligations of the Competitor throughout the Competition. When the first Driver is not available, responsibility will be assumed by the Co-driver named on the entry list.

5.3 - Any incorrect, fraudulent or unsportsmanlike behaviour by the Competitor or members of the crew will be judged by the stewards, who will impose penalties which may go as far as disqualification.

5.4 - Anybody wishing to take part in the Rally must send the attached entry form, duly completed, **to the Rally Secretariat** either via post to Pécsi Sport Nonprofit Zrt. H-7633 Pécs, Dr. Veress Endre u. 10 or via fax to +36 72 313 518, or via e-mail to post@mecsek rallye.hu **before** 30/09/2017 at the latest.

The entry form must be accompanied by at least one photo of the entered car.

Details concerning the Co-driver can be completed up to the start of scrutineering.

The entry form must be accompanied by a photocopy of the 1st page of the car's FIA HTP clearly showing its class and category, as attributed to the car by the issuing ASN.

No change of Competitor may be made after entries have closed 22/09/2017.

One member of the crew may be replaced with the agreement of:

- the organisers, before the start of the administrative checking;
- the stewards, after the commencement of these checks and before the publication of the list of crews eligible to take the start.

Only the FIA can authorise the replacement of both crew members.

5.5 - For foreign Competitors, Drivers and Co-drivers, authorisation must be given in accordance with Article 3.9 of the Code.

5.6 - No amendment may be made to the entry form except in cases provided for by the present Regulations. However, the Competitor may replace the car declared on the entry form by another from the same period and class up to the start of scrutineering.

5.7 - At scrutineering, if a vehicle does not correspond in its presentation to the category and/or class in which it was entered, this vehicle may, on proposal of the FIA eligibility delegate, be transferred to the appropriate class after decision of the panel of stewards.

5.8 - By signing the entry form, the Competitor and all crew members undertake to comply with all sporting prescriptions specified in the Code and to those of the present Regulations.

5.9 - The number of entries is limited to 60 vehicles.

5.10 Tyres

a) Cars of Category 1: During Competitions classed as tarmac event (i.e. excluding gravel or snow Competitions) there shall be a maximum of 14 tyres permitted. Tyres must be «E» marked and uniquely identified with a barcode (or such other method as may be prescribed) and registered with the FIA eligibility delegate before the start of the Competition.

Checks for compliance with this regulation may be undertaken at any time during the Competition and any discrepancies will be reported to the stewards. A detailed information sheet will be available before each competition.

b) Cars of Category 2, 3 and 4: During Competitions classed as tarmac (i.e. excluding gravel or snow Competitions) there shall be a maximum of 10 tyres said «dry» permitted. Tyres must be «E» marked and uniquely identified with a barcode (or such other method as may be prescribed) and registered with the FIA eligibility delegate before the start of the Competition.

Due to the lack of availability of «wet» tyres in their appropriate sizes, the cars listed as exceptions in the appendix to the FIA authorized wet tyre list may register a maximum of 14 tyres before the start of the Competition. Thus there is no allowance for additional «wet» tyres.

Checks for compliance with this regulation may be undertaken at any time during the Competition and any discrepancies will be reported to the stewards. The number of «wet» tyres is not limited. Only the «wet» tyres as per the FIA authorised tyre list can be used. A detailed information sheet will be available before each competition.

6 - ENTRY FEES - INSURANCE

6.1 - The entry fees for the Competition are fixed at 500€ per car with the organiser's compulsory advertisement, 1000€ without. These will be issued with the road book.

The entry fee includes: road book, starting numbers, organiser's advertisement

6.1.1 GPS system:

The GPS tracking system is compulsory for all Historic vehicles during the event. By filling out the entry form the competitor permits the free use of this data for the officials of the event. Further information on the system can be found in Appendix 3 of this document. The entry fee includes the hire of the GPS system.

6.2 - The entry will only be accepted if accompanied by the total entry fees. The full sum of 500€ is payable before 22/09/2017 to:

Account holder: **Mecsek Group Kft**

Account number: **IBAN: HU08 11731180-29902059-00000000**

SWIFT: OTPVHUHB

If the competitor wishes to pay the entry fee during road book issuing, it will incur a 300€ additional charge (total 800€ entry fee).

6.3 - Entry fees will be refunded in full:

a) to candidates whose entry has not been accepted:

b) in the case of the Rally not taking place.

(Organisers may refund 30% of the entry fee to those competitors who, for reasons of «force majeure», duly certified by their ASN, were unable to start in the Rally.)

Entrants for the Hungarian National Historic Rallye Championship can refer to the ASN regulations (RVSZ).

6.4 - The organiser provides the following insurance: Basic and extended third party insurance. The insurance cover will come into effect from the start and will cease at the end of the Rally or at the moment of withdrawal or disqualification of the Competitor.

The extended insurance covers the crew up to

- 8,000,000 (~25,800 EUR): 800 (~2.58 EUR) HUF / person / day

- 15,000,000 (~48,600 EUR): 2000 (~6.5 EUR) HUF / person / day

The entry fee is inclusive of the insurance costs.

Further details will be posted on the Official Notice Board during road book issuing.

6.5 - In case of accident, the competitor or his representative must notify the clerk of the course within 24 hours.

6.6 - On arrival at each leg the competitor must sign a declaration concerning any accident he may have had en route.

6.7 - The Organising Committee declines all liability due to consequences for breach of laws, regulations or prescriptions by Competitors in the countries they will cross, those consequences will be solely the liability of those who have incurred or committed them. The Organising Committee also declines all liability in case of riots, demonstrations, vandalism, natural disasters etc. from which Competitors or crew-members could suffer, or from the consequences thereof. Any damages, fines or penalties will be borne by them.

7 - ADVERTISING

Must comply with the Article 2.1.9 of Appendix K.

8 - GENERAL OBLIGATIONS

8.1 - Crews

8.1.1 - Only crews made up of two persons shall be admitted to the start. The two members of the crew will be nominated as first Driver and Co-driver. All members of the crew may drive during the Competition, and each must possess an FIA International Driver's Licence valid for the current year.

8.1.2 - The full crew must be on board the car throughout the entire duration of the Competition, with the exception of the cases provided for in the present Regulations. If one member leaves the car, or if a third person is admitted on board (unless this is to transport an injured person) the car shall be excluded from the Competition.

8.1.3 - An identity card bearing recent photos (4cm x 4cm) and the signatures of the two crew members and all the particulars of the car, must be displayed inside the car throughout the entire duration of the Competition and must be presented upon official request. Failure to do so may result in disqualification from the Competition.

8.2 - Starting order - Plates - Numbers

8.2.1 - The start of the first leg will be given in competition number order with the lowest number starting first. For safety reasons, this order may be modified at the request of the clerk of the course.

8.2.2 - The starting order for each of the following legs shall be determined according to the partial unofficial classification established at the end of the previous leg. For safety reasons, this order may be modified at the request of the clerk of the course.

8.2.3 - Any car reporting late for the start of the event, leg or section, shall be penalised by 10 seconds for every minute's delay. Any car arriving over 15 minutes late shall not be allowed to start.

8.2.4 - The Organising Committee will supply each crew with two Rally plates and three panels bearing the Competition numbers.

8.2.5 - The Rally plates must be fixed to the front and rear of the car in a visible position for the duration of the Rally. The Rally plates must not cover, even partially, the car licence plate. Any covering of the licence plate at any time during the event will incur a penalty.

8.2.6 - The number panels supplied by the organisers must be displayed on both sides and in front of the car for the duration of the Rally.

8.2.7 - If it is ascertained at any time during the event that:
- any Competition number or Rally plate is missing, a penalty will be imposed;

- any three Competition numbers or two Rally plates are missing at the same time, disqualification will be pronounced.

8.2.8 - The Rally plates and the Competition numbers will be available to all participants at the Rally Secretariat as from 13/10/2017. The Competitors must go to scrutineering only after having fixed the Rally plates and the Competition numbers. Cars not in conformity will not be verified.

8.2.9 - The names of the crew plus their national flags must appear on both sides of the wings at the front of the car (max size 10cm x 40cm). Any car failing to comply with this rule shall be subject to a penalty.

8.2.10 - If present, the winner of the previous year championship will be supplied with the Competition number 1, at organiser discretion.

8.3 - Time card

8.3.1 - At the start of the Rally, each crew will be given a time card, on which the times to cover the distance between time controls will be shown. The time card will be handed in at the finish time control of a section and will be replaced by a new one at the start of the next section. Each crew is solely responsible for their time card.

8.3.2 - The time card must be available at all times for inspection on demand, especially at the control posts where it must be presented personally by a member of the crew for stamping.

8.3.3 - Any correction or amendment to the time card which has not been approved by an official will result in disqualification from the Competition.

8.3.4 - The absence of a stamp from any control, or failure to hand in the time card at the specified control (time or passage control, regrouping halt control or at the finish) will result in disqualification from the event, except where the provisions of Article 9.3.6 - Catching Up, are applied.

8.3.5 - The crew alone is responsible for presenting the time card at the different controls and for the accuracy of the entries on the card.

8.3.6 - It is therefore up to the crew to submit the time card to the officials at the correct time and to check that the time is correctly entered. The time-keeper is the only person permitted to enter the time on the card.

8.4 - Traffic - Repairs

8.4.1 - Throughout the Rally, competitors must strictly observe the traffic laws. The penalties for infringement of traffic laws will be as follows:

- 1st infringement:	cash penalty of 100€
- 2nd infringement:	5 min. time penalty.
- 3rd infringement:	disqualification from the Rally.

Should the police decide against stopping the offending Driver, they may ask the organisers to apply the penalties set out in the present Regulations, subject to the following:

- notification of the infringement reaches the organisers through official channels and in writing, before posting the current results,

- the statements are sufficiently detailed for the identity of the offending Driver to be established beyond all doubt, as well as the place and time of the offence,

- the facts are not open to different interpretations.

8.4.2 - Repairs and refuelling are freely permitted throughout the Competition, except in those cases expressly forbidden by the present Regulations and/or by the official Road Book. Change of engine, gearbox or final drive during the Competition is forbidden. Failure to observe these rules may lead up to disqualification from the Rally, at the discretion of the stewards.

8.4.3 - Service cars are forbidden to park or to assist within 300 m of a control point. Any crew who is serviced in any forbidden zone defined in the Road Book will be subject to a penalty up to disqualification. For an offence of parking within a forbidden zone, a cash penalty of 100€ will apply.

8.4.4 - Service cars are forbidden to enter a special stage or any area that the organisers specify as prohibited, on a pain of penalty up to the disqualification of the Competitor.

8.4.5 - It is forbidden, under pain of penalty up to disqualification, to tow or transport the cars or to have them pushed, except in order to bring them back onto the road, or to clear the road.

8.4.6 - Crews are also forbidden, under pain of disqualification:

a) to deliberately block the passage of competing cars or to prevent them from overtaking,

b) to behave in an unsportsmanlike manner.

8.4.7 Those competitors / teams who wish to be placed next to each other in the service area should declare their preferences when collecting the road book.

8.5 - Route reconnaissance

8.5.1 - Duration and conditions:

a) route reconnaissance may be performed by the entered crews after receipt of the Road Book;

b) reconnaissance must always be made in accordance with the Highway Code.

c) the period of reconnaissance is fixed as follows: see Appendix 2.

d) The number of passages through each special stage is not limited by the organiser within the allocated time period as described in Appendix 2.

8.5.2 - Registration

- a) Competitors or their representative must sign an ID form including details of the reconnaissance car and of the Driver. This form needs to be completed during road book issuing.
- b) Reconnaissance material will be issued upon collection of the Road Book. Foreign Competitors may collect all relevant material in the Rally Office during the described opening times.

8.5.3 - Specific restrictions

- a) All Drivers are authorised to cover each special stage as per 8.5.1.
- b) An identification sticker, bearing the Competition number of the crew, will be issued for each car. This sticker must be displayed at the top (middle) of the front windscreen and remain visible during reconnaissance.
- c) Each crew will be issued with a reconnaissance card valid for the passages through each special stage. This card must be carried in the reconnaissance vehicle and must be shown and endorsed by an official at the start and finish of each special stage during reconnaissance. Failure to hand in this card will result in refusal to participate in the reconnaissance. Reconnaissance cards must be returned either to the Rally Secretariat or to a Competitors' relations officer before the start of the administrative checks.
- d) Maximum speed allowed on special stages, during reconnaissance, is 50km/h on private forestry roads and 80km/h on public roads outside city limits, unless traffic signs indicate a lower speed limit. Within residential areas, this speed is limited to 50km/h, unless traffic signs indicate a lower speed limit.
Note speed limit: 80km/h
- e) The stages will be open to the traffic; therefore, the safety and rights of other road users must be respected.
- f) In no circumstances may crews drive in the opposite direction in the special stages, unless given particular instructions to do so by the organisers, road marshals or the police. Competitors may enter a special stage only from the start.
- g) No more than two persons are permitted in the car during each passage through a special stage. One of these persons must be either the Driver or the Co-driver of the competing crew.
- h) The organisers may monitor the behaviour of the Competitors on the reconnaissance route, by using any kind of means.
- i) Should a Competitor's reconnaissance car have to be replaced for any reason whatsoever, he/she must inform the Rally Secretariat and give the details of the new car.
- j) From the end of reconnaissance, any person connected with an entered crew, in any way whatsoever, is forbidden to travel (except on foot) on or over the route of a special stage of the Rally without express authorisation from the clerk of the course.

8.5.4 - Reconnaissance cars:

All reconnaissance operations, for all crews, may only be carried out using standard road cars, including Jeeps or SUV cars or cars used for the Competition if they are identified as Standard Touring or Grand Touring cars. In general, no Competition modifications are allowed and reconnaissance cars must comply with the specifications defined in the following Regulations:

- a) Series production car
- b) The car must be painted in a single colour, with no advertising, stickers, etc.
- c) The engine shall be a production engine (complying with the Group N Regulations).
- d) The gearbox shall be a production gearbox (complying with the Group N Regulations).
- e) The exhaust shall be a production exhaust with a maximum noise level within the permitted legal tolerance (max. 98dBA).
- f) Suspensions shall comply with the Group N Regulations.
- g) Underbody protection is authorised (complying with the Group N Regulations).
- h) The fitting of a safety rollbar is authorised.

- i) Safety harnesses in colours similar to those of the interior of the car are authorised.
- j) Bucket seats in colours similar to those of the interior of the car are authorised.
- k) Two additional road-homologated headlamps are authorised.
- l) The rims are free and shall be fitted with:
 - m) Road-homologated series production tyres for asphalt (no competition tyres).
 - n) Free tyres for gravel.
 - o) The crew may use a «light» intercommunication system (without helmets).

8.5.5 - Sanctions:

Drivers who fail to respect these instructions may be sanctioned up to refused start or disqualification. The entry fees will not be reimbursed by the Organising Committee.

9 - RUNNING OF THE COMPETITION

9.1 - Start

9.1.1 - The crews must present the car at the start area in Széchenyi tér on 13-19-2017, 13:00. The exact time will be published on the Official Notice Board at 11:00, 13/10/2017. The start area will be made available at the time scheduled in the programme. Any delay will be penalised with a fine of 200€.

9.1.2 - The cars will be started at one minute intervals as stated in the Rally programme. Any crew reporting late at the start of the event, leg or section shall be penalised by 10 seconds for every minute late. Cars arriving more than 15 minutes late will not be allowed to start. Since the crews have 15 minutes within which to report to the start of the event, leg or section, if they report within these 15 minutes, the exact starting time shall be stamped on the time card.

9.1.3 - Crews are obliged to have their passage checked at all points mentioned on their time card, and in the correct order. The target time for covering the distance between two time controls will be shown on the time card.

9.1.4 - Hours and minutes will always be shown from 00.01 to 24.00. Throughout the Competition the official time will be that indicated in Article 3.5.

9.1.5 - Each crew will be provided with a Road Book, which will detail the compulsory route to be followed throughout the Rally.

9.2 - Controls - General provisions

9.2.1 - All controls, i.e. passage and time controls, start and finish of special stages, regrouping and neutralisation zone controls, will be indicated by means of FIA-approved standardised signs (see Appendix 1).

9.2.2 - The beginning of the control area is marked by a yellow warning sign. At a distance of about 25m the position of the control post is indicated by a final beige coloured sign. The warning finish sign at the end of special stages will be placed at about 300m before the finish line.

9.2.3 - All control areas (i.e. the area between the first warning sign and the final sign are considered to be «Parc Fermé» (see Article 9.6).

9.2.4 - The stopping time within a control area must not exceed the time necessary for carrying out control operations.

9.2.5 - It is strictly forbidden, under pain of penalty up to disqualification:

- a) to enter a control area in any direction other than that of the Rally,
- b) to cross over or re-enter a control area once checking-in has taken place at this control.

9.2.6 - The target check-in time is the responsibility of the crews alone, who may consult the official clock on the control table. The post marshals may not give them any information on this target check-in time.

9.2.7 - Control posts shall be ready to function 15 minutes before the target time for the passage of the 1st crew. Unless the clerk of the course decides otherwise, they will cease to operate 15 minutes after the target time for the last crew, plus disqualification time.

9.2.8 - Crews are obliged to follow the instructions of the road marshal in charge of any control post. Failure to observe this may lead to disqualification at the discretion of the stewards.

9.2.9 - Road marshals and post chiefs shall be distinguished as follows:

- road marshals will wear white jackets marked "sportbíró / marshal",
- post chiefs will wear red jackets marked "vezető / chief marshal".

9.3 - Passage Control - Time Control - Disqualification

9.3.1 - Passage Control

At these controls, the post marshals must simply stamp the time card as soon as this is handed in by the crew, without mentioning the time of passage. The absence of a stamp from a passage control may result in disqualification, except where the provisions of Article 9.3.6.1 apply.

9.3.2 - Time controls

At these controls, the post marshals shall mark on the time card the time at which the card was handed in. The absence of a stamp from a time control may result in disqualification, except where the provisions of Article 9.3.6.1 apply.

To be classified for the Rally, the Driver has to pass the last time control of the event IE/TC 11E MAN Service IN - final arrival.

The crew is permitted to enter IC/TC 4E and IE/TC 11E before they ideal time. These are the last time controls of each leg.

9.3.3 - Check-in/out procedure

9.3.3.1 Check-in procedure begins the moment the vehicle passes the zone entry sign. Between the zone entry sign and the control post, the crew is forbidden to stop for any reason or to drive at an abnormally slow speed.

9.3.3.2 Clocking the card can only be carried out if the two crew members and the car are in the control zone and in the immediate vicinity of the control table.

9.3.3.3 The check-in time corresponds to the exact moment at which one of the crew members hands the time card to the time keeper. Then, either by hand or by means of a stamp, the time-keeper marks on this card the actual time at which the card was handed in.

9.3.3.4 The target check-in time is the time obtained by adding the time allowed to complete the road section to the start time for this section, these times being expressed to the minute.

9.3.3.5 The crew does not incur any penalty for checking in before time if the vehicle enters the control zone during the target check-in minute or the minute preceding it.

9.3.3.6 The crew does not incur any penalty for being late if the act of handing the card to the time-keeper takes place during the target check-in minute; e.g. a crew who is supposed to check in at a control at 18h 58' shall be considered on time if the check-in takes place between 18h 58' 00" and 18h 58' 59".

9.3.3.7 Any difference between the actual check-in time and the target check-in time shall be penalised as follows:

- a) for late arrival: 10 seconds per minute or fraction of a minute,
- b) for early arrival: 1 minute per minute or fraction of a minute.

9.3.3.8 Finally, if it is found that a crew has not observed the rules for the check-in procedure as defined above (and especially by entering the control zone more than a minute before the actual check-in time) the chief marshal at the control post must make this the subject of a written report to be sent immediately to the clerk of the course.

9.3.4 - Time of leaving control

9.3.4.1 If the next road section does not start with a special stage, the check-in time entered on the time card shall constitute both the arrival time at the end of the road section and the starting time of the following one.

9.3.4.2 Conversely, when a time control is followed by a start control for a special stage, the following procedure shall be applied:

- a) These two posts shall be included in a single control area (see Article 9.2) whose signs shall be as follows:

- Yellow clock sign: beginning of zone,
- Red clock sign: time control post at a distance of approx. 25m,
- Red flag sign: start of special stage at a distance of 50 to 200m,
- Beige neutralising sign: end of control sign 50m further on.

b) At the time control at the finish of a road section, the post marshal will enter on the time card the check-in time of the crew together with its provisional start time for the following road section.

There must be a 3 minutes gap to allow the crew to prepare for the start.

c) Immediately after checking in at the time control the crew will go to the start of the special stage. The marshal in charge of this post will enter the provisional time for the start of the stage on the stage sheet, which usually corresponds to the provisional starting time for the road section. He will then start the crew according to the procedure laid down in the Regulations (see Article 9.5.4).

9.3.4.3 If a difference exists between the two entries, the starting time of the special stage will be binding, unless the stewards decide otherwise.

9.3.4.4 In the case of a flat tyre, an additional 5 minutes will be allowed for repairs.

9.3.5 - Disqualification

9.3.5.1 Any delay exceeding 15 minutes at the target time between two time controls, or a total delay exceeding 30 minutes at the end of each section and/or leg of the Rally, will result in the disqualification of the crew except where the provisions of Article 9.3.6 apply.

9.3.5.2 Under no circumstances may crews having exceeded their maximum delay attempt to reduce this delay by arriving early at controls, neither shall penalties for early arrival be taken into account when calculating any delay exceeding the maximum permitted delay which results in disqualification.

For example:

Road section A

Start 12h00 - target time 1h00 - check-in time 13h10'

Penalty for late arrival: 100"

Delay counting towards disqualification: 10 minutes

Road section B

Target time 1h30' - check-in time 14h20'

Penalty for early arrival: 1200"

Delay counting towards disqualification: 10 minutes (not combined)

Road section C

Target time 2h00' - check-in time 16h30'

Penalty for late arrival: 100 additional seconds

Delay counting toward disqualification: 10 minutes

Total road section controls A + B + C

Total penalties (for late and early arrivals): 100" + 1200" + 100" = 1400 seconds

Total delay counting toward disqualification: 10' + 10' = 20 minutes

9.3.5.3 The disqualification time may be increased at any point by the stewards, upon the proposal of the clerk of the course. The crews concerned shall be informed of this decision as soon as possible.

9.3.5.4 Disqualification for exceeding the maximum permitted delay may only be announced at the end of a section or at the end of a leg.

9.3.6 - Catching up (not applicable to the last leg)

9.3.6.1 Provision shall be made for a Driver who has missed, during a leg, a special stage or a circuit event and/or who did not check-in at the last time control of the leg, or place the car in Parc Fermé, to catch up and be re-admitted to the following leg. He will be given the worst overall time achieved in his category in that particular leg. If there are no finishers in his category then the next worst time in any appropriate category may be used. In all cases the penalty will be increased by a penalty of 60 seconds for each special stage missed.

He may be re-admitted to the following leg unless, prior to the posting of the classification for that leg, he informs the clerk of the course in writing of his intention to withdraw from the

event. Those Competitors wishing to be re-admitted must report to the Parc Fermé 30 minutes before the start of the next leg.

The clerk of the course or stewards may order that the car be re-scrutineered.

This catching up is not applicable for the last leg of the Competition and in order to be classified, the car must have passed the last time control of the Competition within the time allowed.

9.3.6.2 The starting order for the newly admitted cars will be at the discretion of the clerk of the course.

9.4 - Regrouping controls

9.4.1 - Regrouping controls will be set up along the route. Their entry and exit controls shall be subject to the general rules governing the control posts (Article 9.2).

9.4.2 - The purpose of these regroupings will be to reduce the intervals which may occur between crews as a result of late arrivals and/or withdrawals. Thus the starting time from the regrouping control and not its duration must be taken into account.

For example: 120 cars at the start of the Rally - first regrouping of 4 hours - starting time from the regrouping control: 12h01:

a) *target time for the arrival of car no. 1 at the regrouping control: 8h01,
target time for the arrival of car no. 120 at the regrouping control: 10h.*

b) *actual arrival time of car no. 1 at the regrouping control: 8h45,
actual arrival time of car no. 120 at the regrouping control: 11h50 (60 cars have withdrawn during this part of the Rally).*

c) *starting time of car no. 1: 12h01,
starting time of car no. 120: 13h00.*

The respective duration of stopping times should therefore have been:

- 3h16' for car no. 1

- 1h10' for car no. 120.

9.4.3 - On their arrival at these regrouping controls, the crews will hand to the post marshal their time card. The crews will receive instructions on their starting time. They must then drive their cars immediately and directly to the Parc Fermé. Engines must be stopped.

9.5 - Special Stages

9.5.1 - Special Stages are tests on roads closed specially for the event.

9.5.2 - During these events, all those in the car must wear, under pain of disqualification, approved crash helmets and flame-resistant overalls, according to Appendix L, Chapter III, Article 2 specifications.

9.5.3 - Crews are forbidden to drive in the opposite direction to that of the Rally, under pain of disqualification.

9.5.4 - Starts of special stages will be given as follows: when the car with its crew on board has stopped in front of the starting control, the marshal will enter the time scheduled for the start of the car in question on the stage sheet, and he will hand this document back to the crew. The start will be given by the marshals.

A penalty of 2 minutes shall be imposed on any crew which fails to start within 20 seconds of the starting signal.

9.5.5 - During the Rally no slalom / prologue stage will be held.

9.5.6 - The start of the special stage may only be delayed in relation to the scheduled starting time by the post marshal in a case of «force majeure». In the event of a crew being late, the chief post marshal will enter a new time and the delay will then be considered as the delay recorded on a road section. It will therefore be taken into consideration for the calculation of the disqualification time.

9.5.7 - A false start, particularly one made before the signal has been given, is penalised as follows:

1st offence: 10 seconds,

2nd offence: 1 minute,

3rd offence: 3 minutes.

further offences: at the stewards' discretion.

These penalties do not prevent the stewards from imposing heavier penalties if they judge it necessary.

9.5.8 - Special stages will end in a flying finish, stopping between the warning sign and the stop sign being forbidden on pain of disqualification. Timing will be done on the finish line, which must have print-out equipment backed up by stop watches. At a distance of 200 to 300m after the finish, the crew must report to a control (Point Stop) indicated by a red "STOP" sign to have its finishing time entered on the time sheet. If the timekeepers cannot give the exact finishing time to the marshals immediately, the latter will only stamp the crew's sheet and the time will be entered at the next neutralisation zone or regrouping control.

9.5.9 - If, due to a fault of the crew, the time entry cannot be made, the following penalties shall be imposed:

a) at the start: disqualification;

b) at the «STOP» (Stop Point): 300" time penalty.

9.5.10 - The times recorded by the crews in each special stage, expressed in hours, minutes, seconds and 1/10th seconds, shall be added to their other penalties expressed in time.

9.5.11 - During a special stage, assistance is forbidden. Any breach of this rule will result in the offending Competitor being automatically excluded from the event by the panel of stewards.

9.5.12 - The start intervals for special stages must comply with the same dispositions as those laid down for the start of the leg in question.

9.5.13 - Termination of a special stage

When a special stage has to be definitively stopped for any reason whatsoever before the last crew has covered it, the results for the stage may be established by allocating to each crew who has been unable to complete the stage, the slowest time set before the termination. These results may be drawn up even if only one crew has been able to cover the stage in normal racing conditions. Only the stewards may apply this disposition after the clerk of the course has given the reasons for the termination. Should the stewards consider the slowest time set as abnormal, they may take as the scratch time one of the four slowest times which seems the most suitable. However, no crew who is totally or partially responsible for stopping a stage may benefit from this measure. This crew will be given the time which it might have made if this is greater than the scratch time awarded to other crews.

9.5.14 - Any crew refusing to start in a special stage at the time and in the position allocated to it shall be given a penalty of 300".

9.5.15 - On special stages, the following rules apply:

a) If, during a special stage, a competitor is caught up by a faster competitor who gives headlight or horn signals, the slower competitor is obliged to let the faster one pass, even if he has to stop on the right or left side of the road, showing with the appropriate indicator that he is ready to be overtaken. Infringement may result in a fine or disqualification, depending on the decision of the stewards,

b) Stopping on or directly before or after a bend, or moving the car across the course or in a direction other than that of the Rally, is strictly forbidden. Drivers who have to stop for an emergency must stop their car at the side of the road and warn the Drivers following by appropriate means (e.g. red triangle),

c) If the road is blocked because of an accident, it must be cleared as soon as possible to allow safety vehicles or ambulances through. Damaged cars must be kept clear of the road until Rally officials have re-opened the stage to traffic.

Each infringement will result in a penalty which may go as far as disqualification.

9.6 - Parc Fermé

9.6.1 - Cars shall be subject to Parc Fermé rules:

a) from the moment they enter the starting area, a regrouping area or an end of leg, until they leave,

b) from the moment they enter a control area until they leave it,

c) from as soon as they reach the end of the Rally until the time for lodging protests has expired.

9.6.2 - While the vehicles are subject to Parc Fermé rules:

- a) any repairs or refuelling are strictly forbidden, under pain of disqualification,
- b) however, if the scrutineers note that a vehicle seems to be in a condition which is not compatible with the normal road use, they must immediately inform the clerk of the course thereof who may request that the car be repaired,
- c) in this case, the minutes used to carry out the repairs will be considered as the same number of minutes' delay recorded in a road section. After repairs, the crew will possibly be given a new starting time.

9.6.3 - As an exception, and under the supervision of the competent marshal, the crew may, while in the Parc Fermé at the start, regrouping zone or end of leg:

- change a punctured or damaged tyre using the equipment on board,

- change the windscreen with the possibility of outside help.

These repairs must be completed before the starting time, otherwise a penalty shall be imposed in accordance with the provisions stated in Article 9.6.2.c.

9.6.4 - As soon as they have parked their cars in the Parc Fermé, the Drivers will leave the Parc Fermé and no crew member will be allowed to re-enter.

9.6.5 - To leave a Parc Fermé for the start, regrouping halt or end of leg, the crew shall be allowed to enter the Parc Fermé 10 minutes before their start time.

9.6.6 - If a vehicle is unable to move under its own power:

At a Parc Fermé at a start, regrouping halt or end of leg, only the officials on duty or the members of the crew are authorised to push a competing vehicle inside or at the entrance to or exit from a Parc Fermé at a start, regrouping halt or end of leg. An additional battery may be used to help to start the car but cannot be carried on board the car.

9.6.7 - Any infringement of the Parc Fermé Regulations shall (or, in the case of catching up, may) result in disqualification from the Rally.

9.6.8 - After the Rally, all cars which have crossed the last time control shall be driven, under the supervision of the officials of the Competition, to a Parc Fermé where they shall remain for at least 30 minutes after the posting of the provisional results and until the stewards order their release.

Any classified car which is unable to cross the line and/or reach the Parc Fermé under its own power will immediately upon such disability occurring be placed under the exclusive control of the marshals and scrutineers who, as soon as this is possible, will conduct the car to the Parc Fermé. Cars which have not been placed in the Parc Fermé will not be classified.

10 - ADMINISTRATION AND CHECKING - PENALTIES

10.1 - Checking before the start and during the Rally

10.1.1 - Any team taking part in the Rally, must arrive at scrutineering with its full crew and car in accordance with the published timetable. Any car reporting to the scrutineering area outside the prescribed time limits will not be allowed to start, except in the case of «force majeure» duly recognised as such by the stewards. The crew must present the FIA HTP to the FIA eligibility delegate who may keep it until the end of the event. If this is not submitted, the car may not start.

10.1.2 - The checks carried out before the start will be of a completely general nature (checking Licences, driving licences, make and model of the car, apparent conformity of the car with its HTP, essential safety items, conformity of the car with the National Highway Code, etc.). This shall be followed by:

- identification of crew. Each member must have with him one recent identity photo:

- identification of the vehicle, the chassis and cylinder block of which may be «marked», at the organiser's discretion.

10.1.3 - To be allowed to start, all cars must be equipped with extinguisher(s) according to Article 5.7.1 of Appendix K.

10.1.4 - No car will be allowed to start unless it complies with the FIA safety regulations. At any time during the event, additional checks may be carried out regarding the crew or the vehicle.

The competitor is responsible for the technical conformity of his car throughout the entire duration of the Rally, under penalty of disqualification.

10.1.5 - Should identification marks (art. 10.1.2) be affixed, it is the responsibility of the crew alone to see that these are protected until the end of the Rally. If they are missing, the car will be excluded from the Competition immediately.

10.1.6 - Any fraud discovered, and in particular showing as intact identification marks which have been altered, will result in the disqualification of the crew from the Competition, as well as any Competitor or crew who has helped or been involved in carrying out the infringement. This will not prejudice the fact that the National Sporting Authority (ASN), to which Competitor or accomplice belongs, may be asked to impose heavier sanctions.

10.1.7 - The following documents will be checked:

- a) International Competitor's Licence,
- b) International Licences of both Drivers,
- c) driving licences of both Drivers,
- d) car registration papers,
- e) car insurance papers,
- f) identity card with recent photos of both Drivers,
- g) authorisation to compete abroad for Competitors with Licences issued by another ASN than the organising ASN,
- h) FIA HTP for the vehicle, in compliance with Article 2 of Appendix K. The organiser will retain this form for the duration of the event.

10.2 - Final control

10.2.1 - As soon as each crew reaches the finish, they shall drive their car to the Parc Fermé. A check shall be made to verify:

- its conformity with the car submitted at initial scrutineering,
- if there is any reason to impose any of the penalties specified under Article 8.2.

10.2.2 - The absence of any of the identification marks, as per Article 10.1.5, shall result in disqualification from the Competition.

10.2.3 - Without it being compulsory, scrutineering involving the dismantling of the vehicles may be carried out at the absolute discretion of the stewards ex-officio or following a protest or upon the decision of the clerk of the course. If this dismantling does not follow a protest, the Competitor will have to pay the reasonable expenses which exercise of the powers mentioned herein may entail. In case of dismantling following a protest, Article 11 of these Regulations will apply.

10.2.4 - See Article 11.

10.2.5 - Those vehicles which are to be subjected to final scrutineering, as ordered by the stewards, should be announced by a notice at the entrance to the Parc Fermé.

10.2.6 - A car not conforming to Appendix K and/or its HTP may be excluded from the Competition.

10.2.7 - The HTP will be returned to the Competitor at the Parc Fermé and at the latest after the final control.

11 - PROTESTS - APPEALS

11.1 - All protests shall be lodged in accordance with the stipulations of the Code (see Article 13.1 and following)

11.2 - All protests must be lodged in writing and handed to the clerk of the course together with the sum 500 € which shall not be returned if the protest is judged unfounded. If the protest requires the dismantling and re-assembly of different parts of a car, the claimant must pay an additional deposit, the amount of which will be decided by the stewards.

11.3 - The expenses incurred by the work and by the transport of the vehicle shall be borne by the claimant if the protest is unfounded, or by the Competitor against whom the protest is lodged if the claim is upheld.

11.4 - If the claim is unfounded, and if the expenses incurred by the protest (scrutineering, transport etc.) are higher than the deposit amount, the difference shall be borne by the

claimant. Conversely if the expenses are less, the difference shall be returned to him.

11.5 - The entrants may lodge an appeal against the decisions of the stewards, in conformity with the stipulations of Article 15.3 of the Code.

12 - FINAL RESULTS

12.1 - Penalties shall be expressed in hours, minutes and seconds. The final results shall be determined by adding the times obtained in the special stages and the penalties incurred during the road sections and any other penalties expressed in time. The crew with the lowest total shall be proclaimed the overall winner, the next lowest second and so on. The period and class results shall be determined on the same basis. To be classified for the Rally, the car has to pass the last time control of the Competition (location: IE/TC 11E).

12.2 - In the event of a dead heat, the competitor who accomplished the best time for the first special stage will be proclaimed the winner. If this is not sufficient to be able to decide between the competitors, the times of the 2nd, 3rd, 4th and 5th special stages shall be taken into consideration.

12.3 - An independent general final result and class final result will be issued for each category of eligible cars.

12.4 - The results shall be posted in accordance with the programme of the Rally.

12.5 - The final result can be protested until 30 minutes after the results are posted and approval by the panel of stewards. However, a provisional result will be issued at the end of the 1st leg to establish the starting order of the 2nd leg.

12.6 - Team Cup won't be evaluated on this competition.

12.7 - A separate classification will be posted for the crews registered in the FIA Championship for the Categories 1, 2, 3 and 4.

13 - PRIZES - CUPS

Prizes will be awarded according to the final results of the Rally.

The following cups will be awarded as a minimum to both Driver and Co-driver:

- Winners in each category.
- Winners in each class.

Where there are three or more classified in either category or class, awards for 2nd place will be given.

Where there are six or more classified in either category or class, awards for 3rd place will be given.

The organisers may increase the above awards according to participation.

14 - PRIZE-GIVING

The prize-giving will take place at Pécs, Széchenyi tér on 14/10/2017, starting from 17:35 during the ceremonial finish. All the members of the crew must be present at the prize-giving. Crews who are not present at the prize-giving may forfeit their prizes; however, the final results will not be modified.

2. Appendix : SCHEDULE OF RECONNAISSANCE

DETAILED SCHEDULE OF THE RECONNAISSANCE

11/10/2017 (Wednesday) the following stages (forestry roads) can be recce'd:

- | | |
|--|---------------|
| ▪ SS 2,4 Máré vára – Pécsvárad special stage | 10.00 – 19.00 |
| ▪ SS 9 Alsómocsolád – Mecsekpölöske special stage
forestry road section (from start to 7,65 km) | 10.00 – 19.00 |

12/10/2017 (Thursday) the following stages (forestry and private roads) can be recce'd:

- | | |
|---|---------------|
| ▪ SS 5,10 Trefort-puszta – Road nr 6 | 10.00 – 19.00 |
| ▪ SS 8 Gorica – Szágy special stage | 10.00 – 19.00 |
| ▪ SS 6,11 Pécsvárad – Máré vára special stage | 10.00 – 19.00 |

Apart from the above mentioned roads, no reconnaissance restriction applies to other public road special stages or their parts.

3. APPENDIX: GPS DESCRIPTION

GPS tracking system

All competition cars must be fitted with a safety tracking - data logging device provided by the organiser. The use and the correct use of this system is compulsory during whole rally. The tracking system will be issued during administrative checks.

a) GPS unit (installation kit): GPS unit, magnetic antenna with cable, 2 piece of hose clamps, 12V cigarette lighter power cable, SOS console with a connection cable to GPS unit and connection to power (+12V DC).

b) Mounting of the speed control equipment to the race car

Please ensure direct connection to power (+12V DC) before the circuit breaker with a 5A fuse protection at column B on the side of the Co-Driver. After the reconnaissance, the Safety Tracking System has to be installed into the rally car with 2 hose clamps to safety cage at column B on the side of the Co-Driver. SOS panel must be connected to GPS unit with the 15 pin socket cable, magnetic antenna must be connected to GPS unit (and magnetic antenna must be placed and safely fixed outside of the car on roof panel or luggage cover), and GPS unit must be connected to power with cable. This installation of the GPS devices and their correct operation will be checked at the TC before the ceremonial start.

c) Safety Emergency Console (SOS panel) operation and the use of GPS device during rally:

SOS console must be placed in rally car so, that it is available by both competitors restrained occupant condition. It is recommended to place between the two seats on the floor or at the roof of the compartment. In the case that justified the use of the SOS signal (the crew needs help), turn the two-position switch to other position under a red switch cover. Then GPS unit sends SOS signal to the Rally Control. Closing of red switch cover turns off SOS signal.

d) Return of GPS kit

The competitors must dismantle the complete GPS kit with all accessories and return it to RHQ as soon as possible in the case of the retirement or at the end of the rally or to GPS service provider at the Finish Parc Fermé.

4. APPENDIX : COMPETITORS' RELATIONS OFFICER

PÉTER VAJNAI

Spoken languages: Hungarian, English, Italian, Portuguese
MOBILE: + 36 30 640 2225

Principal tasks

Competitors' Relations Officers are in charge of ensuring a constant communication and information flow between the Stewards, the Clerk of the Course, the competitors and the organiser. To aid them in their effectiveness, the Competitors' Relations Officers may attend the Stewards meetings in order to up to date with all decisions.

Presence during the event

The Competitors' Relations Officers will be located at:

- Rally Secretariat
- Administrative checking and technical scrutineering
- Start of the Competition and the 2nd leg
- Regrouping areas
- Parc fermé at the end of the leg
- Parc fermé at the finish line

Purpose

The competitors can contact him in case of any questions. Personal interpretation of the Stewards' decisions, discussions, and clarification of questions arising in connection with general regulations or regarding the Supplementary Regulations.
